

Your business may benefit from a \$20k instant asset write-off by end June 2018*

There are two reasons why it's a great time of year to upgrade your company vehicles, your business machinery or business equipment.

1. You can save money buying at the End of Financial Year sales.
2. You may be eligible to use simplified depreciation rules and claim the immediate deduction for the business portion of each asset (new or second hand) costing less than \$20,000 if your turnover is < \$10m.

Unity Finance is an independently owned credit advisory service that solves capital and cash flow needs for individuals and businesses.

We access a wide range of specialist small business, machinery, plant and equipment funders - and that means we can tailor a competitive finance solution to fit your businesses particular needs. It could be secured finance, unsecured finance, or a wide range of other finance options.

We can work with your tax consultant to help you decide what sort of finance works best for your business needs and allows you to maximise your tax deductions.

You could have access to the funds you need in as little as 48 business hours. If you think it's time to upgrade, then don't wait another year.
